

# MULTIPROTECT DISINFECTANT S-4

Packaging: 1liter / 5liter

## DESCRIPTION

Now sanitation is in our daily life style part. Its very important for preventing Corona Virus to make disinfectant each and every thing like door bell, door lock, handles, car, even mobile and purse also, before touching or using the same. The word 'Multiprotect' does not represent only protection from microbes like virus, bacteria or pathogens, it also protects from harmful chemicals like ammonia, hypochlorite, phthalates, hydrogen peroxide etc. which are widely used in many disinfectants. As per W.H.O. this product contains 80% Isopropyl Alcohol which is the most effective ingredients to fight against Covid 19, Its also includes 100% pure Essential Oils that not only eliminate bacteria, virus & other microbes also gives you sweet lemon fragrance.

## APPLICATION

Just spray this disinfectant on the object you want to sanitize and leave it to dry.
