

DESCRIPTION

Totum H-13 is a Wooden Floor Shiner which is an alcohol resistant floor polish, based on a special polymer back bone with innovative wax technology. Its made with certified chemicals which provides shine to wooden and vinyl floor. It also provides shining and new look to old and unpolished floor. It has superior resistance to alcohol and disinfectants versus conventional floor emulsions. It provides a sweet smell of floral essential oils. The protective film shows good resistance to wear and foot traffic.

WOODEN FLOOR SHINNER H-13
